⁽²⁾ Exchange students should be aware that these modules are designed for students who are non-natives of the language of instruction

⁽³⁾ When working from French into their mother tongue, exchange students will be placed in third year classes wherever possible. When working from their mother tongue into French, students will be placed in either first- or second-year classes wherever possible, depending on their declared level of French or the number of years they have been studying French.

It is recommended that exchange students do NOT choose specialised translation classes into French (even if the source language is their mother tongue) unless they have a level of French close or equivalent to C2.

Exchange students are strongly recommended to ensure that at least one of the languages in their translation language combination is their mother tongue.
