AN ONLINE COURSE THAT WILL HELP YOU MAKE A SUCCESS OF YOUR STUDIES IN FRANCE

Inadequate knowledge of the French language and culture and difficulty in understanding the French academic system can prove real obstacles to getting a place at a French higher-education institution and making a success of your studies there.

The impact of the Covid-19 crisis on the economy and on international travel means language immersion programs to prepare you for life as a student in France are hard to find at the moment.

ISIT, a "grande école" renowned for its intercultural expertise, offers everything you need to make a success of your university studies in France.

What we offer: a 100%-online 4-month intensive program to get your French to a B2 level, the minimum requirement to study in France.

- Classes in **French as a Foreign Language and French for Academic Purposes.**
- **Immersion** in a French "grande école", with access to a range of 1st-year undergraduate classes.
- **Hybrid learning:** interactive virtual classes, small-group tutoring, group project.

THE PROGRAM

- 150 hours of contact time with a teacher of French as a Foreign Language via Microsoft Teams (whole class sessions).
- 100 hours of online activities via the ENVOL project and other resources.
- 30 hours of small-group tutorials.
- 4 first-year undergraduate modules of your choice (excluding language classes), earning you ECTS credits.
- 1 class project (newspaper, blog, web radio, films, etc.).
- Preparation for the DUEF B2 French language exam.
