

You will hear a speech given by Amina Mohammed, United Nations Deputy Secretary-General, at the 2018 One Planet Summit held in New York.

1. What is her comment about President Macron?
  - a. He has done a lot to help organise the Summit
  - b. His advocacy work is lively and welcome
  - c. He is known for being a loud but friendly Frenchman
  - d. He made some very angry comments
  
2. What is interesting about the recent weather?
  - a. They are much more frequent
  - b. It could have been easily avoided with swift action
  - c. While it is tragic, it was also to be expected
  - d. It is five times warmer than previous years
  
3. According to the speaker, what was the original justification for the Paris Agreement targets?
  - a. To mitigate against a worst-case scenario
  - b. To avoid all side effects of climate change
  - c. To set a measurable target for comparative analysis
  - d. To give countries achievable goals
  
4. What will happen if the goals are not met?
  - a. There will be historic weather disasters
  - b. Resources and technology will fail
  - c. Future generations will think poorly of current leaders
  - d. Emergency funds will need to be increased
  
5. What does Amina Mohammed think of current leaders?
  - a. Everyone is on the right path
  - b. Encouraging examples of climate leadership are few and far between
  - c. Change can only come from the top
  - d. People struggle to see that time is running out
  
6. What role should business leaders play?
  - a. They need to be role models
  - b. They need to use less steel and cement
  - c. They need to invest in an oil-free future
  - d. They need to allow space for government initiatives
  
7. What is her view of the global climate response?
  - a. It needs to be on the agenda of more international summits
  - b. It is part of a broader movement to protect biodiversity and the oceans
  - c. It is an encouraging example of multilateralism
  - d. It is not in synch with climate change
  
8. What is meant by “President Macron and Prime Minister Holness will spearhead progress”?
  - a. They will encourage other nations to donate money

- b. They will preside over the 2020 climate finance budget
  - c. They have promised to mobilize national funds
  - d. They have UN backing to seek out more government funding
9. What role does/will Michael Bloomberg play?
- a. He will visit the world's capitals to meet with private sector representatives
  - b. He launched the Climate Finance Leadership
  - c. He will foster non-government financial backing
  - d. He works on behalf of the UN to build inter-governmental climate financing
10. Which of the following best sums up her concluding remarks?
- a. There is a lot that needs to be done but they are on the right path
  - b. World leaders will be held accountable for their actions
  - c. The upcoming COP-24 summit is the end of a long road
  - d. The Paris Agreement was a major step but a new agreement is needed
